

License Agreement

Human Kinetics' End User License Agreement

NOTICE TO THE USER

Entering the key code for this product indicates you understand and accept the following terms and conditions. This license shall supersede any prior verbal or written statement or agreement to the contrary. This Human Kinetics End User License Agreement accompanies the Human Kinetics *Senior Fitness Test Software 2.0 Subscription* and mobile access product and related explanatory written materials (software). The term "software" shall also include any upgrades, modified versions, or updates of the software licensed to you by Human Kinetics.

If you do not understand or accept these terms, or your local regulations prohibit after-sale license agreements or limited disclaimers, you must cease and desist using this product immediately. Copyright laws supersede all local regulations.

Site and Operating License

Corporate bodies purchasing a subscription to the software must acquire a license to allow access to all employees and staff working at the same physical location registered for that subscription. Corporations wishing to provide access to employees and staff at multiple physical locations are required to register a subscription for each of the desired sites.

Higher education instructors are considered individuals allowed to provide access to students in multiple courses the educator personally teaches. Educational institutions are not permitted to allow multiple instructors access to the same subscription account.

With a single one-year subscription, staff in the same organization are able to access this easy-to-manage program provided that the organization's physical address is the same for all staff users of the software. The exception is for higher education instructors using the program in a course. Each instructor will need a unique subscription for each course (i.e., instructors cannot share subscriptions, but individual instructors can use the same subscription for multiple courses). The use of the software over a wide network outside the buyer's site is strictly prohibited under any and all circumstances. Any violation immediately cancels all distribution rights.

Copyright

The software is owned, published, and hosted by Human Kinetics. The software structure, organization, and code are valuable trade secrets. The software is also protected by United States Copyright Law and International Treaty provisions. You

agree not to modify, adapt, translate, reverse engineer, decompile, disassemble, or otherwise attempt to discover the source code of the software. You may use trademarks only to identify printed output produced by the software, in accordance with accepted trademark practice, including identification of trademark owner's name. Such use of any trademark does not give you any rights of ownership in that trademark. Except as stated previously, this agreement does not grant you any intellectual property rights in the software.

Liability Disclaimer

This software license is provided exclusively by Human Kinetics on an as-is basis, without any representation or warranty of any kind, either express or implied, including without limitation any representations or endorsements regarding the use of, the results of, or performance of the product, its appropriateness, accuracy, reliability, or correctness. The entire risk regarding the use of this product is assumed by the user and/or licensee. Human Kinetics does not assume liability for the use of the software beyond the original purchase price. In no event will Human Kinetics be liable for additional direct or indirect damages including any lost profits, lost savings, or other incidental or consequential damages arising from any defects, or the use or inability to use this product, even if Human Kinetics has been advised of the possibility of such damages.

Restrictions

You may not use, copy, modify, translate, or transfer the software or any copy except as expressly defined in this agreement. You may not attempt to unlock or bypass any copy protection or authentication algorithm used by the software. You may not remove or modify any copyright notice, any "about" dialog, or the method by which it may be invoked.

Transfer

Corporations or institutions subscribing to the software may not transfer or share this license or account information, including login and password information, to other schools, institutions, clinics, hospitals, fitness facilities, or individuals.

Individuals who subscribe to the software retain their access regardless of any change in their workplace or residential location so long as a valid subscription is maintained.

Terms

This license is effective for one year upon entering your key code. You will be reminded to renew your subscription at various intervals before your account expires (i.e., 2 months, 1 month, and 1 week). If you do not renew your subscription within the renewal period, you will lose your data (it will be deleted) and your access to the site.

This license will also terminate if you fail to comply with any terms or conditions of this agreement. You agree on such termination that Human Kinetics will be able to lock you out of your account and delete your data.

Other rights and restrictions

All other rights and restrictions not specifically granted in this license are reserved by Human Kinetics.
